## Exercise 3

Design the following web site "**Lanka Holiday Destination**" using iframe.

- ✓ Images and part of the text have been provided.

- ✓ Top part of the main page should contain web links (buttons) and their names are **home.jpg, map.jpg gallery.jpg and contactus.jpg. (Figure 1)**

- ✓ When you click on **Home** button, it should bring the home.html on main frame, likewise all other pages be should be displayed on mainframe. (Mainframe is the name of iframe)

| Button | Link |
|---|---|
| Home | home.html |
| Map | map.html |
| Gallery | gallery.html |
| Contact Us | contact.html |

- ✓ Design web pages should be display as following images.

### SriLanka

Known as The Pearl of the Indian Ocean, Sri Lanka is a country off the southern coast of the Indian subcontinent in South Asia. It is home to glorious golden beaches, breathtaking landscapes and relics of ancient dynasties & civilizations, and lays claim to a long and colorful history of over three thousand years. Sri Lanka boasts a diverse range of cultures, languages & religions, and the combination of cultures has made it a hub for a variety of foods, religions & arts. It is also blessed with abundant natural beauty including ten UNESCO World Heritage sites, and is one of the 25 biodiversity hotspots in the world.
